GreenMobility sets a new record in the number of trips in Copenhagen again in February

"In February, GreenMobility once again set a record in Copenhagen with nearly 74,000 trips, a significant improvement over the previous record of almost 63,000 trips set in January.

At the same time, there has in February been a 55% increase in the number of new customers in Copenhagen compared to February 2023.

"Our latest figures for trips and new customers in Copenhagen underscore the impact of our strategic focus on strengthening our position in Copenhagen," says Kasper Gjedsted, CEO of GreenMobility, and he continues, "We are very pleased with the impressive growth and the great interest from our Copenhagen customers, which shows that the car-sharing concept is truly gaining ground in the Danish capital."

About GreenMobility

GreenMobility offers modern urbanites easy, flexible, and sustainable transport in the form of electric shared city cars. Users have access to these cars via the GreenMobility app. Trips are paid per minute, through minute packages, on a daily basis or through a subscription. Today, GreenMobility operates a total of 1,500 EVs in Copenhagen, Aarhus & Antwerp. More than 250,000 people are registered as customers at GreenMobility.

Driven by global megatrends, GreenMobility sees a rapidly growing market for carsharing in large cities that demand green transport for their citizens and aim to reduce the number of private cars. GreenMobility's ambition is to be among the leading global operators of green shared mobility solutions. GreenMobility is publicly listed for trading on the Nasdaq Main Market Copenhagen in Denmark.
